Welcome to Arrested Technology Consulting. Founded in 2004 by Daniel Wagner and Stephen Maywalt; we provide a range of Information Technology services including:

Web Site Design - we focus on designing interactive web sites that include web based tools to allow clients to easily manage content themselves. Some of our offerings include:

- Graphic Design
- Content Management
- E-Commerce
- Discussion Forum

IT Consulting Services - with a background in Law Enforcement Technology Management we provide consulting services specializing in:

- Wireless Technology
- Mobile Computing
- Infrastructure Design and Management
- Systems Integration
- Database Design

Please contact us today so we can discuss your technology needs.
